# HEALTH SERVICE

## DO YOU KNOW

THAT Drugless Therapy is that branch of the healing art that includes all the healing agents except medicine and surgery.

THAT Drugless Therapy produces results in many cases that are considered hopeless.

THAT there is a cause for every disease which when located and removed, permits health.

THAT it is useless to treat symptoms if the cause is not first removed.

THAT the X-Ray, by giving inside information is the greatest diagnostic aid ever discovered.

THAT after finding and removing the cause, our treatment scientifically administered assists nature to cure.

THAT Sunlight Ray treatments are wonderful eliminators and increase cellular action all through the body.

THAT Auto-Condensation in connection with the right diet permanently reduces blood pressure.

THAT most cases of severe constipation are mechanical and therefore require mechanical treatment.

THAT Chiropractic has been tried at the bar of public opinion and has received a unanimous verdict of approval.

THAT the Patho-Neurometer is an instrument of recent invention which is proving of invaluable service to the Drugless Practitioner in locating abnormal spinal conditions.

THAT with the Diathermy current you can heat any portion of the body even the internal organs, giving great relief from pain and inflammation.

THAT Diathermy is used to exceptional advantage in post-operative adhesions, Chronic kidney conditions, congestion of liver, Neuralgia, Lumbago, Sciatica, Arthritis, Pelvic Inflammation and Bronchial Congestion.

THAT suitable exercises will be given you, depending upon your needs. Our system of exercises are individual in nature, hence corrective.

THAT we treat individuals, not diseases and that we use neither drugs nor surgery, and yet get wonderful results.

THAT we are supplied with portable equipment, making it possible to give treatments in your home.

## THE ELECTRO MAGNETIC BATH

### *What It Does*

- It generates thermo-magnetism.
- It gives soothing, relaxing, restful effects.
- It enriches the blood through greater oxygenation and increased circulation.
- It induces magnetism into the iron of the blood globules.
- It dissolves poisons by electrolysis and prepares them for elimination.
- It increases the action of the lungs, kidneys, skin and bowels.
- It successfully treats acute and chronic ailments.

### **CHRONIC AND NERVOUS DISORDERS**

If you are suffering with

Rheumatism, Neuritis, Bright's disease, Diabetes, Asthma, high or low blood pressure, nervousness, stomach, liver or bowel trouble, Eczema, Menstrual Disorders, Paralysis, poor circulation, or any combination of ailments due to lack of circulation, depleted nerve supply, or sluggish cell action, you can get results as surely as hundreds of others have.

In taking a bath, the patient is breathing pure, fresh air, and comfortably reclining with every nerve and muscle relaxed, while the entire body is surrounded by waves of magnetic heat, which have no weakening effect, but strengthen and exhilarate in all cases.

We are supplied with portable equipment, making it possible to give treatments in your home.

The Electro Magnetic Bath is just ONE branch of our

Free to green keepers and others who desire the latest information on the building of a new Club Green or renovating an old lawn.

We quote Special Prices to Clubs, Institutions, Parks and others who require seed in large quantities.

## LAWNS AND GREENS

It is most important that the lawn should be sown with a mixture of grass seeds especially adapted for the purpose required. A mixture suitable for a Park or Golf Course would be quite unfit for a private lawn, Bowling or Putting green. All the finest grasses that are most suitable for the formation of a lawn when grown for seed, produce very much less weight of seed per acre than do the coarser growing varieties, consequently the cheaper the mixture the coarser the turf. We maintain that the finest dwarf growing grasses are the most economical even for large areas, as the turf formed by the dwarf compact habit of the finest grasses requires to be mown only about half as many times as a turf formed of coarser growing varieties.

## THE SIGN OVER YOUR DOOR

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

## THE SIGN OVER YOUR DOOR

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.
